

March 2020

As your associations, we want to thank you for your hearts, service and sacrifice during this unprecedented time. You are protecting the lives of our most vulnerable, and there is no higher calling in this world.

We also want to remind you that we are here to serve you. Kansas Health Care Association, LeadingAge Kansas and Kansas Adult Care Executives are working together to share our resources for the benefit of all senior care providers in our state. We are also working together in our advocacy to ensure support for our providers and older Kansans throughout the course of this pandemic.

Please reach out to us with your questions and concerns, and we will do everything in our power to assist you. And please feel free to visit each association's website to access important information and resources on COVID-19. They are open to everyone.

Thank you again for all that you do, every day, for Kansas seniors and their families.

Yours in gratitude,

Debra Zehr, President/CEO
