WHO SHOULD ATTEND?

This joint training seminar for Kansas adult care home providers and the Kansas State Fire Marshal Office healthcare staff was created as the result of the cooperative efforts of the long-term care associations and the Office of the State Fire Marshal. KACE is pleased to offer this one-day session in two locations.

CONTINUING EDUCATION

ADMINISTRATORS & REGISTERED OPERATORS - This event is approved for up to 6 continuing education clock hours for Kansas licensed adult care home administrators and registered operators by the Kansas Department of Aging and Disability Services (LTS# A1427) in the core area of Administration.

NURSES - CNEs will be available for nurses.

LEARNING OBJECTIVES

At the completion of this event, the participant will be able to:

1. Know the top fire safety citations in adult care facilities with a view toward lessening their prevalence.
2. Identify key differences between the 2012 LSC and the previous version of the code used in adult care facilities.
3. Discuss the importance of maintaining water-based fire sprinkler systems and how sprinkler system neglect can keep the systems from operating as they were originally designed and approved.
4. Benefit from a deeper understanding of fire code principles and trends as well as the resources available to improve fire safety in adult care facilities.
5. Understand CMS rules and regulations as they relate to Emergency Preparedness, *e.g.*, tracking of staff and residents during and after an emergency and development of arrangements with other LTCs to receive residents and evacuation plans.
