**Bring Your Team to a One-Day Culture Change Seminar . . .
Leave Inspired and Equipped to Transform YOUR Community!**

Person Directed Care and Culture Change improves the lives of individuals living in long-term care. It restores dignity, respect, and privacy that have been taken away from them in institutional model nursing homes.

No matter where you are on the journey, this one day program will help your team gain inspiration, momentum and practical solutions to transform from 'Institutional Thinking' toward 'Home' and Person-Directed Living.

It takes a team to make it happen. We will educate and equip participants with a practical, reality-based plan to jump-start your community toward culture change.

Learning Objectives:

- Understand the impact of culture change on the lives of the people who live and work in nursing homes
- Learn tips to successfully implement culture change
- Identify responsibilities in developing and implementing culture change
- Develop a team plan for implementing culture change
- Evaluate the quality of life and financial benefits of person directed care
